

Rebecca Carkeet and David Schmidt **Purchasing Officer; Decorative Concreter** **Amway Qualification – New Platinum**

Rebecca, or 'Bec' as she is known, was looking for a second income when she joined Amway a few years ago. When she met Dave, he was working 6-7 days per week and looking for a way to achieve more spare time. "Nothing else compared" to the Amway opportunity so they became business partners about 18 months ago.

"We love the fact that Amway has the highest standard when it comes to their products. David can't get enough of XS Energy and Fuel factor and I love ARTISTRY and EMMAPAGE", Bec explains.

This young team is enthusiastic about most opportunities Amway brings, with business travel to Fiji proving quite exciting. "Now we know that this business can help us achieve anything we want out of life, our next goal is to become more financially secure and start living the life we've always dreamt about."
