

Jonathan and Michelle Lockley

“Amway fits our active lifestyle”

Queensland may have the reputation of being laid back and relaxed but for Jonathan and Michelle life was a constant hustle and bustle! Small business ventures in building and entertainment were soaking up the majority of their time and they wanted to spend more with their three children.

The couple agree that the support of the team at their local Amway Business Centre has been exceptional from day one. The Lockley family enjoy an active lifestyle, which has made NUTRIWAY® and eSpring® two of their favourite Amway brands. Jonathan notes how impressive the savings have been with eSpring, saying “we were spending a fortune on bottled drinking water and it didn’t taste this good!”
