**Scott and
Joanne Beattie**

**“We’re going to give
our kids an amazing life.”**

Scott Beattie worked hard to become an award winning mortgage broker and his wife Joanne had a busy career in real estate. Yet it was success with Amway that dramatically changed their lifestyle.

The couple is now free to refocus their priorities around their three kids, community and good health.

Scott races Ironman surf competitions and volunteers as a lifesaver at Main Beach on the Gold Coast, with XS™ Protein Shakes helping him power through his most active days.

Joanne adores the results she gets with ARTISTRY® Crème L/X and both of them believe nothing can compare to the low cost, low risk business opportunity of Amway.

Their goal is to build on their Amway success, clear their home loan, become debt-free and then give their kids an amazing life full of travel and experience.
