**“Amway is the
perfect platform”**

Since his childhood in a tiny village in India, all Nirmesh dreamed of doing was living a life that helped others. In Amway, he and his wife Nimisha have found “the perfect platform to help anyone to achieve their dreams, no matter what their background, ethnicity or education.”

As a medical scientist, Nirmesh is impressed with the formulation and natural origins of NUTRIWAY® products. ARTISTRY® is the favourite for Nimisha and as the parents of two active children, the couple truly enjoy the benefits of XS™ Energy Drinks!

Today, the training received through Amway has helped Nirmesh overcome shyness, develop as a leader and gain the confidence needed to set his sights on Emerald.
