

## DESK DELIVERY

**The children of Rondebult Primary School in Germiston received 1 529 Tutudesks yesterday. Two of Desmond Tutu's daughters, Naomi and Thandeka, centre, helped hand over the desks. The Tutudesk campaign, supported by Amway South Africa, aims to provide 20 million African children with school desks by the end of 2015. Named after Archbishop Desmond Tutu, the portable Tutudesks provide a stable work surface for pupils in impoverished schools with little or no permanent facilities. Picture: Valentina Nicol**
