PLANT SCIENCE BREAKS NEW GROUND

Determined to elevate beauty to a level never before achieved, ARTISTRY® scientists began their quest for the catalyst that could prompt regeneration of skin's youthful beauty. Consulting with a global leader in plant science and research, over 300 plants from every corner of the world were meticulously evaluated until a precious and powerful "youth source" was discovered—the Gardenia Grandiflora.

GARDENIA GRANDIFLORA STEM CELLS

These stem cells possess extraordinary regenerative powers that enable the plant to flourish in even the harshest climates. Now, an exclusive biotech process distills the stem cells into a pure, stabilized elixir to help recharge essential skin cellular energy.

CELLEFFECT 24 COMPLEX

Determined to amplify the stem cells' powers, ARTISTRY scientists invented the next generation CellEffect24 Complex, enriched with 24 karat gold, plus precious Cardiolipin. Skin's energy is recharged, actually boosting the skin's energy index by up to 68 times*.

UNPRECEDENTED RESULTS

With the next generation ARTISTRY Supreme LX™ formulas, skin is energised and protected from environmental aggressors. By night, skin's appearance is replenished and renewed. Now, skin is empowered to act up to an astonishing 15 years younger, resulting in a profound transformation where multiple signs of visible ageing is dramatically reduced.

Fine lines, even deep set wrinkles **visibly reduce**

Crepey, thinning skin **firms and smoothes**

Even tone and clarity visibly improve, **dark spots fade**

Overall, a beautiful, youthful appearance emerges

*Compared to clinical study baseline, using no product; Energy Index, tested in vitro, correlates with the energy needed to rejuvenate the appearance of skin.

A. INTENSIVE SKINCARE RENEWING PEEL

3 phases combine to reveal fresher, healthier looking skin:

- 1. ACTIVATOR PHASE:** a unique self-neutralising mushroom enzyme dissolves the glue holding dead skin cells together to mimic skin's own natural exfoliation process. The higher pH levels of the lower layers of skin shut off exfoliating activity.
- 2. NOURISHER PHASE:** reduces dryness and skin irritation with a blend of NUTRIWAY® sourced chia seed oil and a barrier liposome full of soothing ingredients.
- 3. CONDITIONER PHASE:** draws moisture into the skin with a blend of humectants and emollients.

The formula exfoliates skin cells for a renewed glow

Amount: 20ml

KEY INGREDIENT: Mushroom Enzyme

KEY ACTION: Natural Enzymatic Exfoliation

➔ **RESULT:** 93% of women felt softer, smoother skin after just one use*

B. INTENSIVE SKINCARE ANTI-WRINKLE FIRMING SERUM

The most potent overnight treatment product, delivering smoother, younger looking skin in just two weeks.

- + **RETINOL + VITAMIN C + PEPTIDES**
Boost collagen and elastin to help rebuild firmness, elasticity and reduce wrinkles
- + **TARGETING COMPLEX**
Helps to focus the retinol precisely where it is needed to renew the skin and may reduce the potential irritation associated with retinol use

Amount: 30ml

THE RESULTS ARE **PROVEN**

ARTISTRY YOUTH XTEND technology prolongs the life of skin cells by encouraging youth proteins to extend surface skin cells' healthy life.* Skin resists the signs of ageing, its natural youth protein production is increased, and skin begins to look younger in just one week. Skin appears more radiant, its clarity is restored and youthful skin is revealed.

THE SCIENCE OF YOUNGER-LOOKING SKIN

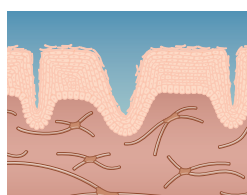

The comprehensive benefits of ARTISTRY YOUTH XTEND Collection as seen on the surface cellular level.

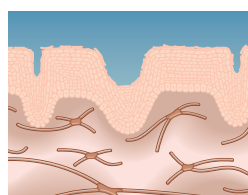

Healthy Skin. Skin is youthful and radiant. Moisture barrier is strong, and there are no signs of fine lines or wrinkles.

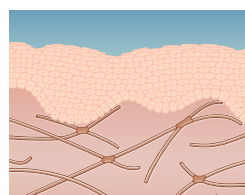

*Based on in vitro assay

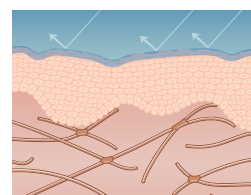

Unhealthy Skin. Skin shows damage accumulation in the form of fine lines and wrinkles, and a compromised moisture barrier.

LifeSirt **reprograms** the future of skin. Now, reparative youth protein activity is increased in the dermis, to resist ageing.

The Micro-X6 Peptide **repairs** skin. Collagen fibres reconnect and begin to grow, diminishing the look of fine lines and wrinkles.

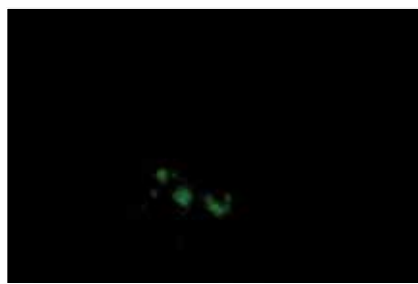

African Baobab fruit extract and other botanicals **protect** skin. The moisture barrier is strengthened, and antioxidants protect skin from environmental aggressors.

STRONGER SKIN CELLS FOR A YOUNGER LOOK

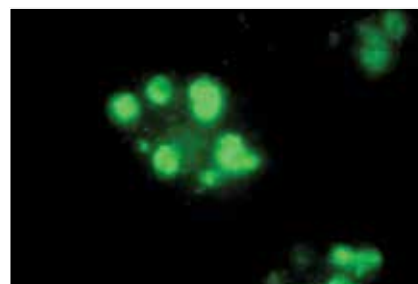

Reparative youth protein content in skin cells decreases with age, weakening skin cell structure and resulting in the appearance of fine lines and wrinkles. LifeSirt reprograms the future of skin, increasing levels of youth protein production, so skin visibly repairs itself against damage accumulation and the signs of ageing are delayed.

Young skin cells have high levels of **reparative youth proteins** that maintain skin's naturally youthful appearance.

Aged skin cells are weaker from decreased production of youth proteins, and damage accumulates in the form of **fine lines and wrinkles**.

LifeSirt reprograms the future of skin. Treated skin cells now produce increased levels of reparative youth proteins and **skin resists ageing** for a more youthful look.

EXPERIENCE THE 3 DIMENSIONS OF RADIANCE

1. LUMINOSITY

ARTISTRY® scientists measured the brightness and whiteness of the skin and how light reflects off the surface to create a luminous outer glow.

81% of women agreed[^] that the ARTISTRY IDEAL RADIANCE® system left their skin radiant and bright.

After using the ARTISTRY IDEAL RADIANCE System (Illuminating Moisture Lotion, Illuminating Essence, Spot Corrector and Illuminating Moisturiser), after 4 weeks in clinical studies.

2. EVEN SKIN TONE

Before-and-after tests determined how effectively IDEAL RADIANCE diminished appearance of dark spots, discolouration and irritation.

76% of women agreed^{**} that the IDEAL RADIANCE system made their skin tone look more even.

3. TRANSLUCENCY

ARTISTRY scientists measured the skin clarity and how light transfers through the skin to reveal an inner glow. The amount of reflection depends on the amount of dark spots, discolourations, irritation and dryness.

84% of women agreed[^] that the IDEAL RADIANCE system improved their skin's translucency.
