## EXPECT MORE FROM ARTISTRY IDEAL RADIANCE

**ARTISTRY pushes the boundaries of beauty through it's program of discovery, imagination and invention. With these three pillars in place, ARTISTRY has created IDEAL RADIANCE.**

Imagining a way for women to achieve their ideal radiance, ARTISTRY scientists discovered that it can be achieved when the 3 dimensions of LUMINOSITY, EVEN SKIN TONE and TRANSLUCENCY are perfected.

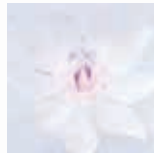

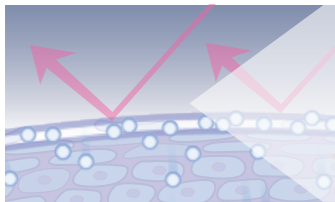

ARTISTRY IDEAL RADIANCE creates brighter, clear skin using market-defining, exclusive 3D brightening technology.

It represents skincare solutions for all types of skin based on years of collaboration between the ARTISTRY Research and Development team.

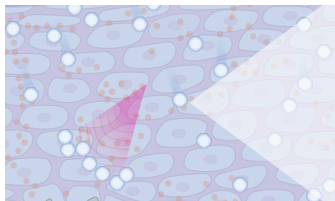

A Multi-Flora Blend of skin-perfecting flower and pearl protein were chosen for their brightening, soothing and reparative benefits.

## 3D BRIGHTENING THROUGH ADVANCED 3D TECHNOLOGY

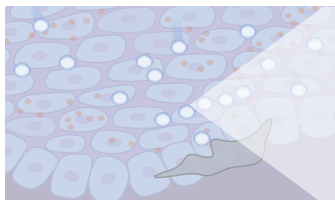

**ARTISTRY developed an exclusive state-of-the-art liposome to deliver ingredients within the 3 depths of the skin's surface.**

**3D TECHNOLOGY**

## TECHNOLOGY

**Multi-Flora Blend** – A gathering of skin-perfecting flowers chosen for their brightening, soothing and reparative benefits including: English Daisies, European Geraniums, Jasmine, Evening Primrose and Sophora Japonica.

**Pearl Protein** – The pearl has been renowned as a cure-all and a beauty treatment since ancient times. Our scientists, incorporated this highly concentrated, luxurious form of pearl protein that helps prevent signaling which leads to dark spots and discolourations.

**3D Technology** – The breakthrough behind IDEAL RADIANCE; an exclusive delivery system invented by ARTISTRY scientists. Features a unique liposome packed with soothing licorice, hydrating Ceramide 3 plus a powerful form of skin brightening Vitamin C derived from Acerola Cherry ferment, harvested on our organic farms.

These encapsulated ingredients are delivered to the deepest layer of the skin.
